

HAG HO Swiss models represent the very best available to a model train enthusiast. SWISS Made still means highest quality build and finish and all metal construction. HAG has a long tradition of producing top Swiss HO models and that tradition is alive and well today.

Marklin fans will be glad to know that all HAG AC models come equipped with LokSound 5 Sound Mfx decoder. That means that your HAG model will register itself onto your Central or Mobile Station as if it was a Marklin mfx model.

I am offering a limited assortment of the finest HAG models. Please read below offer and get back to me via email info@euromodeltrains.com if you would like to order a particular model from the list.

Michael
